

HOT CRANES

Double Girder (Up to 50 Ton)

Our Double Girder Cranes are frequently used for where extremely high hook lift is required because the hook can be pulled up between the girders. Double Girder Bridge Cranes are also ideal where heavy service are required. They are also highly suitable where the crane needs to be fitted with walkways, crane lights, cabs, magnet cable reels or other special equipment.

FEATURES OF DOUBLE GIRDER OVERHEAD CRANES

- High performance
- Require low maintenance
- Easy to install and maintain
- Function smoothly without any hassles for a longer period of time
